Beyond Rehab: Succeeding at Life

A conference on brain injury

Please Join Us For a Virtual Event

Tuesday, September 15 – Wednesday, September 16, 2020*

Presented by:

Brain Injury Association
Of Kansas & Greater KC

*All sessions will be available for viewing until October 14, 2020
About the Conference

The Brain Injury Association of Kansas and Greater Kansas City is pleased to present our 12th annual Beyond Rehab: Succeeding at Life conference for professionals working with those who have experienced brain injury.

Conference Objectives

- Describe the role socioeconomics plays in TBI risk and rehabilitation
- Identify the pros and cons in the use of technology in rehabilitation treatment
- Discuss the link between dementia and brain injury and major research advances that may lead to improved diagnostic treatment and prevention efforts

Who Should Attend?

Any professional who works with people who have brain injury, or who is interested in brain injury. Sessions will be of interest to a range of rehabilitation professionals including physical therapists, nurses, occupational therapists, speech language pathologists, social workers, cognitive rehabilitation therapists, case managers, life care planners, vocational rehabilitation specialists, neuropsychologists, counselors, mental health professionals, physicians, special education teachers, and others who serve individuals with brain injuries and their families.

Current trends, research and therapy techniques will be discussed, including personal stories from survivors. Vendors representing a wide range of services, equipment and products will be available.

Conference Materials

Presentations will be available in the Bravura Virtual Platform, and available for viewing from September 15th – October 14th. CEU’s will be awarded once all sessions have been viewed and evaluation submitted.
**Keynote Speakers**

**Jeffrey M. Burns, MD, MS**

Jeff Burns, MD, started the Alzheimer’s disease (AD) clinical research program at KU in 2004 after completing an AD research fellowship at Washington University in St. Louis. His goal has been to stimulate and support AD and aging research locally while pursuing research investigating how various lifestyle factors influence brain aging and AD. Dr. Burns has received NIH funding for his work assessing the roles of fitness in brain aging and AD progression including funding for exercise intervention trials assessing the role of exercise in brain health. Additionally, Dr. Burns directs the KU ADC Clinical Core and the AD Clinical Trials Unit, which is part of the national Alzheimer’s Clinical Trial Consortium. Dr. Burns also started and directs the KU Memory Care Clinic.

**Laura Howard, JD**

Laura Howard, JD, currently serves as the Secretary for the Kansas Department for Aging & Disability Services and as Secretary for the Kansas Department for Children and Families. Her experience includes more than 30 years of government and human service work. She previously worked as a special assistant, deputy secretary and chief of staff for the former Kansas Department of Social and Rehabilitation Services. She also served as regional administrator for Region VII of the Substance Abuse and Mental Health Services Administration within the U.S. Department of Health and Human Services. Most recently, she served as the Director of the KU Public Management Center.

**Deborah Gutteridge, MS, CBIST**

Deborah Gutteridge, MS, CBIST currently serves as Regional Manager of Marketing and Business Development for NeuroRestorative, a national organization providing multiple levels of post-acute supports and services for persons with Acquired Brain Injury. She possesses a Master’s of Science Degree in Counseling Psychology and is a Certified Brain Injury Specialist Trainer. She has recently served 3 years as President of the Board of Directors of the Brain Injury Association of Kansas and Greater Kansas City. She has served in the capacities of Director, Secretary, and President for the Case Management Society of America-KC Chapter, and has held several positions on the National Board of Directors of the Case Management Society of America. She was CMSA’s 2014 recipient of the Award of Service Excellence and currently serves as the President of the CMSA Foundation. She has worked in the field of brain injury for over 30 years. She is in her 21st year of service with NeuroRestorative, and is a regular presenter for both local and national venues.
Continuing Education

This course is offered for up to 13 hours (attendance both days required) of continuing education units. One day continuing education units will be also be available.

**Nurses**
Pending approval from CMSA-KC, approved provider of continuing nursing education by the Kansas State Board of Nursing, approved provider number: LT 0206-0606.

**Occupational Therapists**
Pending approval from Kansas OTA

**Physical Therapists**
Pending approval from Kansas PTA

**Social Workers**
Pending approval from National Association of Social Workers

**Speech Language Pathologists**

The Kansas Speech-Language-Hearing Association is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approved does not imply endorsement of course content, specific products or clinical procedures.

This program is offered for up to 1.3 ASHA CEU’s, Intermediate Level, Professional Area.

*FOR CEU purposes, the platform will keep track of when you sign in and out of each live session. CEU’s will be awarded once all sessions have been viewed and evaluation submitted.*

Conference Location

All conference activities are virtual and will be available through the Bravura Virtual Platform.
Conference Registration

Advance registration required. Fee includes materials and continuing education credit for those eligible. For a complete list of fee options please see the registration form. In an effort to keep costs down, written confirmations will not be sent unless requested in writing.

To register, mail or fax the completed registration form with payment to the address listed on the form; fax to 1-913-754-8890 or register online at: https://biaks.worldsecsuresystems.com/conference-registration.htm

Refund/Cancellation Policy: a refund of registration fees, less a $25 administrative fee, will be available if requested in writing and received by 9/05/2020. A $35 fee will also be charged for returned checks.

Faculty and Disclosures

David Baker, MA

David Baker is the director of Missouri Assistive Technology, Missouri’s federally funded state assistive technology program. David’s interest and involvement in assistive technology began nearly 30 years ago when he had the pleasure of working with an individual who was using one of the first commercially available augmentative communication devices. Fascinated with what adapted technology can do to level the playing field and open opportunities, David has devoted his entire professional career to the incorporation of assistive technology into the daily lives of individuals with disabilities. No relevant financial or nonfinancial relationship exists.

Wade Borchers, BS

Captain Wade Borchers started his law enforcement career in 1998 as a police officer with the Lenexa, Kansas Police Department. As an officer he worked various assignments in the bike unit, criminal interdiction unit, and the field training unit. In 2004 he was promoted to corporal and in 2005 joined the Department’s drug unit where he would work as an undercover detective for the next four years. In 2008 Captain Borchers was promoted to sergeant and had the opportunity to attend Crisis Intervention Team training. In the same year, he joined the Kansas Law Enforcement Crisis Intervention Team Council as a board member and served as the Department’s CIT Coordinator. Over the years Captain Borchers has taught CIT throughout the State of Kansas. He has played an important role in developing the first, state funded, CIT coordinator for Kansas as well as advocating for changes to state laws for care and treatment. Captain Borchers graduated from the University of Central Missouri in 1997 with a Bachelor’s of Science degree, majoring in Criminal Justice. In 2016 he graduated from the FBI National Academy as part of Class 266. No relevant financial relationship exists. A nonfinancial relationship exists as Captain Borchers serves on the board of CIT International.
Faculty and Disclosures

Jeffrey Burns, MD, MS

Jeff Burns, MD, started the Alzheimer’s disease (AD) clinical research program at KU in 2004 after completing an AD research fellowship at Washington University in St. Louis. His goal has been to stimulate and support AD and aging research locally while pursuing research investigating how various lifestyle factors influence brain aging and AD. The program has grown into a vibrant research and training environment for AD and brain aging research. Dr. Burns has received NIH funding for his work assessing the roles of fitness in brain aging and AD progression including funding for exercise intervention trials assessing the role of exercise in brain health. Additionally, Dr. Burns directs the KU ADC Clinical Core and the AD Clinical Trials Unit, which is part of the national Alzheimer’s Clinical Trial Consortium. Dr. Burns also started and directs the KU Memory Care Clinic. His clinical and research experience have informed and motivated the need for new models of care for our aging population. A nonfinancial relationship exists as a committee member is also employed by the University of Kansas Health System. Dr. Burns receives funding from the NIH and has received research support in the last 2 years for clinical trials from Lilly, Avid Radiopharmaceuticals, Toyama Chemical Company, Merck, Biogen, AbbVie, vTv Therapeutics, Janssen, Astra-Zeneca, and Roche.

Madeline DeShazer, BA, BS

Madeline DeShazer is a budding young professional who is currently working as a research assistant at Children’s Mercy Hospital’s ADHD Clinic. She grew up in Louisburg, Kansas and enjoyed playing sports such as basketball and volleyball during her childhood and teenage years. The same day that she returned from winter break of her junior year in high school, she suffered a traumatic brain injury that fractured her skull, left her without her sense of smell, and resulted in the loss of a full-ride athletic scholarship. Her persistence and determination, along with the support of her family and several brilliant medical providers, gave her the strength she needed to get through her most difficult days. Madeline graduated high school at the top of her class and attended Emory University, where she double majored in neuroscience and psychology. Madeline plans to begin graduate school in the fall of 2020 in the pursuit of a doctoral degree in clinical psychology. The brain injury that Madeline sustained over seven years ago still affects her, but she strives to focus on the blessings that have come from her experience. No relevant financial or nonfinancial relationship exists.
Faculty and Disclosures

Deborah Gutteridge, MS, CBIST

Deborah Gutteridge, MS, CBIST currently serves as Regional Manager of Marketing and Business Development for NeuroRestorative, a national organization providing multiple levels of post-acute supports and services for persons with Acquired Brain Injury. She possesses a Master’s of Science Degree in Counseling Psychology and is a Certified Brain Injury Specialist Trainer. She has recently served 3 years as President of the Board of Directors of the Brain Injury Association of Kansas and Greater Kansas City. She has served in the capacities of Director, Secretary, and President for the Case Management Society of America-KC Chapter, and has held several positions on the National Board of Directors of the Case Management Society of America. She was CMSA’s 2014 recipient of the Award of Service Excellence and currently serves as the President of the CMSA Foundation. She has worked in the field of brain injury for over 30 years. She is in her 21st year of service with NeuroRestorative, and is a regular presenter for both local and national venues. No relevant financial relationship exists. No relevant financial or nonfinancial relationship exists.

Kimberly Hartman, MD

Kimberly Hartman, MD is the Medical Director of the Inpatient Rehabilitation Program at Children’s Mercy Hospital. She has served as Assistant Professor of Pediatrics at the UMKC School of Medicine since 2012 and is board-certified in Physical Medicine and Rehabilitation as well as Pediatrics. Dr. Hartman completed residency training at Cincinnati Children’s Hospital Medical Center and medical school at Wayne State University (Detroit, MI). Her main areas of clinical focus are inpatient rehabilitation, spinal cord injury, brachial plexus injury, and cerebral palsy and she is highly involved in medical education. No relevant financial or nonfinancial relationship exists.

Laura Howard, JD

Laura Howard currently serves as the Secretary for the Kansas Department for Aging & Disability Services and as Secretary for the Kansas Department for Children and Families. Her experience includes more than 30 years of government and human service work. She previously worked as a special assistant, deputy secretary and chief of staff for the former Kansas Department of Social and Rehabilitation Services. She also served as regional administrator for Region VII of the Substance Abuse and Mental Health Services Administration within the U.S. Department of Health and Human Services. Most recently, she served as the Director of the KU Public Management Center. Secretary Howard holds a bachelor of arts degree in Public Administration from Miami University and a law degree from the University of Kansas. No relevant financial or nonfinancial relationship exists.
Faculty and Disclosures

Amanda Klass, DO

Amanda L. Klass, DO, joined the Psychiatry faculty at the University of Kansas Medical Center in 2016. She currently holds an appointment as Assistant Professor of Psychiatry and serves as a member of the Inpatient Consult Liaison Service in addition to working in the outpatient clinic. Her principal duties are educating residents and medical students, staffing the outpatient clinic, and staffing inpatient consults. She received her D.O. degree from Kansas City University of Medicine and Biosciences in Kansas City, Missouri, in May 2012. She completed her residency training in the Adult Psychiatry program at the University of Kansas Medical Center in June 2016. No relevant financial relationship exists. A nonfinancial relationship exists as a committee member is also employed by the University of Kansas Health System.

Susan Crain Lewis, MSSW

Susan Crain Lewis received a Bachelor of Arts in Sociology with a minor in Women’s Studies from Allegheny College, and a Master of Science in Social Work from the University of Texas at Arlington. She possesses over 30 years of program development, management and implementation experience. Ms. Lewis is the President/CEO of the Mental Health America of the Heartland, responsible for oversight of all agency programs, finances, operations and personnel, and is the organization’s lead policy and systems advocate. No relevant financial or nonfinancial relationship exists.

Rebecca Perez, RN, BSN, CCM

Rebecca Perez has a Bachelor’s Degree in Nursing and is a Certified Case Manager with extensive clinical and case management experience. She has been involved with the Case Management Society of America since 1997, holding both local and national leadership positions and honored with the 2013 National CMSA Case Manager of the Year award. She is a published author of professional articles, Case Management Adherence Guidelines and a co-author of the 2018 “Integrated Case Management: A Manual for Case Managers by Case Managers”. Rebecca is the developer of CMSA’s Integrated Case Management training curriculum and is a master trainer for the program. Rebecca recently moved into the position as Director of Product Development for Fraser Imagineers and the Case Management Society of America. She also serves as the Executive Director for the CMSA Case Management Foundation. No relevant financial relationship exists. A nonfinancial relationship exists as a committee member also serves on the CMSA Foundation Board.
Danielle Rush, PT, DPT

Danielle Rush grew up on a farm outside the tiny town of Bendena, KS (pop. 117). As a young girl she was a dedicated athlete, who fortunately had no reason to know much about physical therapy. At the age of 14 her life was flipped upside down, and her passion for the field ensued. Driving on her way home from morning basketball practice she had a car accident and incurred a severe traumatic brain injury. Blessed with the opportunity to relearn life, she eventually learned how to walk and talk. After this experience she knew that she wanted to be a physical therapist with the goal of caring for others in much the same way she was cared for. She went on to graduate salutatorian of her high school class, attended Benedictine College where she received a BS in biology, psychology minor, and on to the University of Saint Mary where she received her Doctorate of Physical Therapy in 2017. No relevant financial relationship exists. A nonfinancial relationship exists as a committee member is also employed by Minds Matter.

Lori Terryberry-Spohr, PhD, ABPP

Dr. Lori Terryberry-Spohr is a board certified clinical neuropsychologist and the Director of Rehabilitation Programs at Madonna Rehabilitation Hospitals in Lincoln and Omaha, Nebraska. She, along with a team of program managers and leaders, provide leadership for the core programs of brain injury, stroke, spinal cord injury, pediatrics and pulmonary as well as the more than 15 other programs and specialty services. Dr. Terryberry-Spohr has more than 20 years experience in clinical work, research, teaching, and program development and has served for many years as adjunct faculty at the University of Nebraska. She currently serves as a medical rehabilitation program surveyor for the Commission on the Accreditation of Rehabilitation Facilities (CARF). She has lectured at numerous conferences around the country including more than 150 professional presentations to various healthcare audiences. She has also taught several nationally broadcast webinars including for Paradigm Care Management and CARF. Dr. Terryberry-Spohr was recently awarded the Advocate of the Year Award from the Nebraska Brain Injury Alliance and the Alumni Achievement Award from her undergraduate alma mater, Nebraska Wesleyan University. No relevant financial relationship exists. A nonfinancial relationship exists as a committee member is also employed by Madonna Rehabilitation Hospital.

2020 Attendee Statement of Liability Waiver Terms of Registration

The organizers of Brain Injury Association of Kansas and Greater Kansas City’s 2020 Annual Conference expressly disclaim liability for acts or omissions of the organizers and for third parties including suppliers and exhibitors in conjunction with the event or for the safety of any attendee or exhibitor while in transit to or from this event. The organizers of this event shall not be liable for any delays or failure in performance or interruption of services resulting directly or indirectly from any cause or circumstance beyond the reasonable control of the organizers including but not limited to, Acts of God, war, terrorism, failure of transportation, weather, accidents, fire, electrical failures, strikes, labor dispute, postal delays, explosions, and government orders or regulations.

"BIAKS" used herein or in subsequent regulations shall mean the Brain Injury Association of Kansas and Greater Kansas City, its committees or agents acting for the Management of the Meeting and Exhibition.

BIAKS expressly disclaims any liability arising out of an attendee's or exhibitor's consumption of alcoholic beverages in conjunction with BIAKS' Annual Conference. Recognizing the nature of receptions and the potential for alcohol abuse at conferences, BIAKS sponsored events will also offer non-alcoholic drinks. Persons under the age of 21 will be denied alcoholic beverages. Conference attendees and exhibitors are responsible for their own well-being. The organizers expressly disclaim liability for any acts or omissions of attendees or exhibitors resulting from excessive drinking, recklessness or negligence on the part of any conference participant(s).

You also agree not to allow any other individual to participate in your place either at the conference, during the registration process, or any other conference related activity including the acceptance of these terms of registration.

Attendee/Exhibitors at the 2020 Annual Conference agree to indemnify and hold harmless BIAKS, it officers, directors, and agents, against all claims arising out of actions or omissions of Attendee/Exhibitor at or in connection with the 2020 Annual Conference except for BIAKS’ own gross negligence or willful misconduct. BIAKS agrees that it will indemnify and hold harmless Attendee/Exhibitor against all claims arising out of the acts or omissions of BIAKS, its officers, directors and agents in connection with the 2020 Annual Conference except for Attendee's/Exhibitor's own gross negligence or willful misconduct.

BIAKS reserves the right to substitute an equally qualified speaker in case of emergency or cancellation. BIAKS has no duty of due diligence with respect to presenters, exhibitors, or sponsors, and makes no endorsements of any presentation or product.

Your conference/exhibitor/attendee registration form acknowledges acceptance of these terms and provisions of this event.
